

1. Identification of the substance/preparation and of the company/undertaking

1.1 Product identifier

Product name: RZ-Ecoseal
 Product number: 1150-00

1.2 Relevant identified uses of the substance or mixture and uses advised against

Chemical/technical description: Water based, elastic sealing for ducts Among others
 Field of application: RZ-ECOSEAL is used for grease ducts. RZ-ECOSEAL will make ducts leakproof and airtight. Also the sealing is not-flammable.

1.3 Details of the supplier of the safety data sheet

Company: RZ International
 Adress: Lopikersingel 9
 2871 AP Schoonhoven
 THE NETHERLANDS
 Contact person: R. van Zanten
 Phone: +31615040530
 E-mail: ron@rz-ecoseal.nl
 Website: www.rz-ecoseal.nl

1.4 Emergency telephone number

Emergency, daytime: Local emergency number.

2. Hazards identification

2.1 Classification of the substance or mixture

The preparation is not classified as a health or environmental hazard according to CLP-Regulation (EC) No 1272/2008.

2.2 Label Elements

The product is labeled according to CLP-Regulation (EC) No 1272/2008.

2.3 Other hazards

There are no known risks

3. Composition / information on ingredients

3.2 Compounds

Ingredients:	CAS-No.	EG-No.	Index-nr	Amount %
Man-made vitreous (silicate) fibres, note Q	287922-11-6	926-099-9	650-016-00-2	1-5

REACH registration number: 01-211947231344-0003

Stone wool fibers meet the requirements of Note Q according to the European classification Regulation No 1272/2008 about Classification, Labelling and Packaging (CLP) and are therefore not classified as a carcinogen.

4. First-aid measures

4.1 Description of first aid measures

Inhalation of spray mist: Remove to fresh air. If irritation occurs seek medical advice.
 Eye contact: Rinse thoroughly with plenty of water. Remove contact lenses and contact a doctor if irritation persists
 Skin contact: Remove contaminated clothing. Wash off with soap and water. Contact doctor if symptoms remains.
 Ingestion: If product is swallowed do not induce vomiting. Rinse mouth with water. If symptoms persist, seek medical advice.

4.2 Most important symptoms and effects, both acute and delayed

Frequent or repeated contact may decrease the skin, resulting in non-allergic contact dermatitis.
 Eye contact may cause irritatio

4.3 Indication of any immediate medical attention and special treatment needed

Other information Treat symptomatically

5. Fire-fighting measures

5.1 Extinguishing media

The product is water based and is not combustible.

5.2 Special hazards arising from the substance or mixture

Not available

5.3 Advice for fire fighters

Not available

6. Accidental release measures

6.1 Personal protections, protective equipment and emergency procedures

Avoid contact with skin and eyes. Wash clean with water.

6.2 Environmental precautions

Product and wash water are prevented from getting drains or water courses.

6.3 Methods and material for containment and cleaning up

Take up mechanically and send for recycling of paint waste, see section 13.

6.4 Reference to other sections

See Section 8 regard personal protective equipment

See section 13 regard waste management.

7. Handling and storage

7.1 Precautions for safe handling

Take normal caution to avoid skin and eye contact. Observe standard industrial hygiene practices for the handling of chemical substances. Any waste is collected and returned to the recycling of waste paint

7.2 Conditions for safe storage, including any incompatibilities

Store at a temperature of + 5 ° C. Store in a dry place in tightly closed original container.

7.3 Specific end uses

Not available

8. Exposure control / personal protection

8.1 Control parameters

Substances with an exposure limit:

Respirable fibres

In Sweden occupational exposure limits for respirable fibres in air-borne dust from mineral wool is 1 fibre /cm³. European limit is missing.

8.2 Exposure controls

If used according to, there are no health risks. Observe the general safety and hygiene measures.

Wash and nourish the skin after work.

Respiratory protection:

Good ventilation but no special protection is required.

When spraying, use respiratory protection, half or full

mask with dust filter FFP2 against spray.

Work clothes and suitable gloves (dust repellent)

Hand, skin protection:

Safety eyewear

Eye protection:

Non-flammable product.

Thermal hazard:

Environmental exposure controls:

Avoid releases to water and drain.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance:	Thixotropic liquid
Colour:	White
Odour:	Mild
Odour threshold:	Not available
pH:	8,0
Melting/boiling range:	Not available
Flash point:	Not available
Evaporation rate:	Not available
Flammability:	Non-combustible materials
Flammability limits in air:	Not available
Vapour pressure:	Not available
Vapour density:	Not available
Density:	1400 kg/m ³
Solubility:	Miscible with water
Partition coefficient:	Not available
Auto-ignition temperature:	Not available
Decomposition temperature:	Not available
Viscosity:	43000 mPa s, Brookfield RV, Sp 7, 30 r.p.m 23°C
Explosive properties:	Not available
Oxidising properties:	Not available
Volatile % (w/w):	26%

9.2 Other information

Physical and chemical properties VOC (bp <250°): 2 g/l.

10. Stability and reactivity

10.1 Reactivity

There is no test data for the reactivity of this product.

10.2 Chemical stability

The products are chemically stable and have no reactivity.

10.3 Possibility of hazardous reactions

None under normal processing

10.4 Conditions to avoid

Not available

10.5 Incompatible materials

No special restrictions

10.6 Hazardous decomposition products

No information available

11. Toxicological information

11.1 Information on toxicological effects

There are no data available on the product itself.

Acute toxicity:	The product is not expected to cause any health hazard
Irritation:	Long term exposure may cause skin irritation. Particles from the product may cause mechanical damage and cause eye irritation.
Corrosive effect:	Preparation is not corrosive.
Sensitisation:	Not known
Repeated dose toxicity:	Not known

Carcinogenicity:	Stone wool fibers meet the requirements of Note Q according to the European classification Regulation No 1272/2008 about Classification, Labelling and Packaging (CLP) and are therefore not classified as a carcinogen.
Mutagenic effects:	Not known
Reproductive toxicity:	Not known
Fetal damage:	Not known
Other information:	Not known

12. Ecological information

12.1 Toxicity

Ecotoxicological data are not available for the product itself.

Do not allow the preparation to enter drains and watercourses.

12.2 Persistence and degradability

Not available

12.3 Bioaccumulative potential

Not available

12.4 Mobility in soil

Not available

12.5 Results of PBT and VPVB assesment

Not available

12.6 Other adverse effects

No known significant effects or critical hazards

13. Disposal considerations

13.1 Waste treatment methods

Do not allow entering drains and watercourses. Waste should be disposed of according to local regulation.

The product is not classified as hazardous waste

EWC-codes (European Waste Catalogue): 080112

14. Transport information

14.1 UN-number

Not dangerous goods

14.2 Proper shipping name

Not applicable

14.3 Transport hazard class(es)

Product is not classified as dangerous goods.

14.4 Packing group

Not applicable

14.5 Environmental hazards

Product is not classified dangerous for the environment.

14.6 Special precautions for user

Transport by the user: Always transport the product in sealed package, upright. Ensure that persons transporting the product know what to do in case of an accident or spillage

14.7 Transport in bulk according to Annex I of MARPOL73/78 and the IBC-kod

Not applicable

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Regulations: The safety data sheet is prepared in according to Annex II of the REACH Regulation (EC) No. 1907/2006. Classification according to CLP-Regulation (EC) No 1272/2008.

Other notes: The fibers meet the requirements of EC Regulation No 1272/2008 on classification, labeling and packaging (CLP) Note Q and is therefore not regulated as a carcinogen.
WKG 1

15.2 Chemical safety assessment:

No information available.

16. Other information

The information in this data sheet corresponds to our present knowledge of the characteristics seen from the current regulations. The demand laid down in the local control option
